Description

A very beautiful polychrome earthenware lamp in a Cubist and Structuralist style from the 1970s. The structure and earthenware body are in excellent overall condition, and the electrical system is in very good working order. This model, which is very rare on the market and comes with its original lampshade, makes a stunning decorative statement. Please note a slight sign of wear on the back of the lampshade. It casts a beautiful, diffused light and creates a cheerful atmosphere with its colorful panels. An interesting collector's item and a stunning decorative piece. Nice size--lamp height alone is 35. Can be shipped within France and worldwide via secure, insured package with order tracking. Invoice and certificate included. Pickup available on-site at Mas d'Avalrich, Montéscot 66200, Tel:
