

Pair Of Brass Candlesticks With Faceted Shafts And Hexagonal Bases--late 19th/early 20th Century

59 EUR

Period : 19th century

Condition : Bon état

Material : Brass

Width : 12

Height : 28

Depth : 12

Description

A beautiful pair of antique brass candlesticks, with an elegant and well-balanced design. Each candlestick rests on a stepped hexagonal base, topped by an architectural shaft that alternates between turned sections and a faceted central section. The upper section echoes this geometric style with a similarly polygonal bob-che. The understated, structured design reflects a neoclassical aesthetic, with a striking decorative presence. Dimensions: H28 x W12 x D12
