Description

An elegant Italian wall console made of finely carved and gilded wood, inspired by the Rococo style. The piece, with its soft and sinuous lines, is embellished with delicate plant motifs, volutes, and acanthus leaves, skillfully carved on the legs and crossbar. The elegantly shaped lower crossbar lends lightness and movement to the piece, creating a pleasing contrast between solid and empty spaces. The antique gilding, characterized by a warm and pleasing patina, enhances the richness of the carving and the console's charm. The faux marble top, of more recent workmanship, harmoniously completes the piece.
