Description

A rare pair of wall-mounted planters made of perforated sheet metal, adorned with an elegant motif of four-lobed clovers and a frieze of scrolls. Their design and sheet metal work are in keeping with the aesthetic of 1950s French design, particularly reminiscent of the creations of Mathieu Matégot. Beautiful aged patina with signs of use, chips, and oxidation, reflecting their history. A particularly original decorative set, ideal for use as wall planters or wall baskets. - Careful shipping with tracked packages within 24-48 hours - In-store pickup available in the Paris region - Payment methods: Credit card, bank transfer, or PayPal
