Description

Devotional reliquary under glass - Virgin Mary - 19th century Charming popular devotional reliquary depicting the Virgin Mary, presented in an antique glass box serving as a display case (one side pane missing). In the center is a delicate bust of the Virgin, with a finely sculpted and painted face, surrounded by a fabric veil and antique lace. The figure is highlighted by a radiant golden halo. The entire piece is richly decorated with embossed flowers, foliage, small blue flowers, ornaments, and gilded metal elements, in a particularly refined composition. In the lower part are two inscriptions: "St. Veronica Jul." and "St. Rose of Viterbo", framing a small cartouche bearing a handwritten inscription of Marian devotion. The display case consists of assembled glass panels edged with an antique green ribbon.
