Gilded Bronze Bodhisattva. Nepal Or Tibet, 16th Century Or Earlier.

3 500 EUR

Period : 16th century

Condition : Bon état

Material : Bronze

Height : 13cm

Description

The Bodhisattva is depicted standing, with his right hand raised halfway and his left hand lowered. It was cast in copper alloy using the lost-wax method and gilded with mercury. The gilding is very thick and of excellent quality; despite the passage of centuries, it has admirably withstood oxidation and handling. On the back, the lid of the reliquary compartment is visible; it appears not to have been desecrated. Probably Nepal, 15th-16th century, but possibly Tibet. Good condition; no soldering or restoration; original gilding. Height: 13 cm.
