12 500 EUR

Period : 17th century

Condition : Très bon état

Material : Oil painting

Width : 84cm

Height : 108cm

Description

A spectacular work from the 17th-century Neapolitan school "Portrait of a Philosopher" Oil on canvas 74 x 98 cm 84 x 108 cm with frame Style and period: 17th-century Baroque painting, characterized by the use of chiaroscuro and great realism in the portrayal of the subject. Theme: An elderly man with a white beard, a receding hairline, and dressed in a dark tunic holds a document or a page while reading an open ancient book. Composition: The focus is on the dramatic lighting above the lectern and on the scholar's hands, a recurring motif in depictions of philosophers from this period.
