

Louis XVI-period Wrought-iron Door Handle With Latch

100 EUR

Period : 18th century

Condition : Bon état

Material : Wrought iron

Height : 22,5 cm

Description

Detail of a wrought-iron handle equipped with a mechanism to operate a bolt. France, last quarter of the 18th century. Height: 22 cm. A soldered joint is visible at the level of the central motif; this is likely a small repair made during the period
