Description

A walnut chest of drawers made in Italy in the late 18th century, characterized by an elegant and functional design. The front features three drawers with a contoured profile in solid wood that harmoniously complements the contoured sides. The truncated pyramid-shaped legs provide stability and sturdiness, while the side rails are embellished with a refined turned quarter-column. The bronze knobs and vent grilles add a touch of elegance and refinement to the piece, making it a piece of furniture of great historical and stylistic value. Perfect for spaces that call for furniture that embodies class and tradition. Product condition: Due to its age and wear, this piece requires restoration and refinishing. We strive to present the actual condition of the piece as fully as possible through
