### Description

An elegant English desk made of walnut and walnut veneer, featuring the beautiful design characteristic of traditional Queen Anne English furniture. The front features four drawers and the desk rests on four curved legs topped with pad feet. The molded top and the beautiful, dynamic grain of the veneer lend the piece a great deal of character. The white porcelain knobs were added by us. This modification, which is fully reversible, adds a brighter touch while respecting the spirit of the piece. The desk features a beautiful antique patina, as well as wear and signs of use consistent with its age, which add to its charm. A piece that is both decorative and functional, whose proportions and understated design allow it to blend seamlessly into both classic and contemporary interiors. England,
