

Antique Painting Virgin Mary With Child Oil On Canvas XIX Century Original

500 EUR

Period : 19th century

Condition : Bon état

Material : Oil painting

Width : 91

Height : 177

Depth : 2

Description

Oil on canvas. This large painting depicts the Virgin Mary seated on a stone throne, holding the Baby Jesus in her arms, in front of a curtain, with a sketched landscape in the background. Although of considerable size, the quality of the painting suggests an inexperienced hand, suggesting it is an artisanal work created for devotional purposes for some place of popular worship. The canvas has several stains. ARAROT0319904
