Depth : 2,5cm

Description

A fine and rare antique truffle slicer, a miniature mandoline made of cast brass or bronze, hand-cut and shaped with elegant violin-like contours. It features a bevelled steel blade pivoting on its axis, secured by a cut wrought-iron spring-mounted arrow-shaped fitting. This ingenious mechanism allows the angle of the blade to be adjusted for finer or thicker shavings. A charming provincial piece, carefully made despite its simplicity, with attractive workmanship and remarkable solidity. Dimensions: 21 × 8.7 × 2.5 cm Weight: 250 g A rarely encountered object, in fine overall condition, showing only some expected wear from age and use. Buy It Now: payment by credit card or PayPal. eclectic: We are not experts, but have been in the antiques trade for over 50 years.
