Description

Pair of polished bronze (gold-colored)
19th-century table candlesticks converted into wireless lamps. Square bases, baluster shafts, and rows of beads. The wireless bulbs are new; they can be controlled using the included remote controls or directly via the buttons on the bulbs themselves. The magnetic base system allows you to easily remove the bulb from the top of the lampshade to recharge it via a USB-C cable. This system is ideal for using these lamps on tables indoors or outdoors, as well as in areas without electrical outlets. Brand-new brass sockets. The oval-shaped, tapered lampshades are made from Toile de Jouy fabric featuring a lyre design on one side and a scene of Apollo on his chariot on the other, in shades of blue and yellow ochre. Dimensions: Total height: 32.5 cm / Height
