Description

A quintessentially Italian item, this 800-silver cheese dish, accompanied by its matching small spoon, can also be used as a mustard pot or a jar for condiments. The circular body features a finely crafted mount and a cobalt-blue glass container. The mount, as well as the spoon, is decorated with finely chiseled Empire-style palmette motifs. A side handle allows the hinged lid to be opened. The contrast between the polished silver and the deep blue of the glass gives the piece a refined decorative presence.
