

Bronze Head Of Nandi, India, 19th Century

400 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Length : 16,2 cm

Width : 8 cm

Diameter : 7,3 cm

Description

India, 19th century. Bronze with a dark brownish-green patina. Head of Nandi, recognizable by its curved horns, large stylized eyes, and ornamentation featuring concentric and beaded motifs. The neck extends into a hollow cylindrical element, likely indicating its function as a fitting or terminal for a shaft, possibly for use in processions. High-quality casting.
