NOTE: All our watches are inspected by our watchmakers and reconditioned to give them a second life and restore them to the best possible condition. However, these watches are still pre-owned and may show some scratches or signs of wear. In addition, when necessary, the dials are restored by a master craftsman. It is also possible that the dials have been replaced in the past with service dials as part of the refurbishment process for our watches. Since our timepieces are pre-owned, no water resistance warranty is provided. We are, of course, happy to assist you and provide as much information as possible regarding the condition of these watches.

RETURN POLICY: Due to numerous instances of abuse, we would like to clarify that returns are accepted within 14 days only if the item is returned in the same condition in which it was sold. The return is void and therefore will not be accepted once the watch has been worn or damaged in any way (impact, broken or missing glass, missing screws or any other parts, damage caused by water, rust, etc.). We remind you that you are purchasing a high-end watch; please take the utmost care of it. City watches (such as Cartier models in vermeil or gold) are precious timepieces and are not designed for sports, swimming, showering, or any other high-risk activities. Ref_1005
