

6-panel Japanese Screen - Scene From Daily Life

9 500 EUR

Period : 19th century

Condition : Très bon état

Width : 370

Height : 166

Description

High-ranking dignitaries typically enjoy picnics in private settings or even attend geisha performances. A large banner beautifully frames the figures. It is important to note that the family's mon (coat of arms) is depicted on the banner, clearly indicating their lineage. These scenes of daily life and leisure in Japan are common and often in harmony with nature and the seasons. Edo period (1603-1868), early 19th century.
