Description

Pair of Baroque chairs in walnut and burl walnut with inlay, Lombard-Venetian manufacture (late 17th / early 18th century). Featuring a tall, shaped backrest with turned finials, they display a central geometric burl walnut panel framed by refined herringbone stringing. The seat rests on a shaped apron with book-matched veneer, while the lower section features turned front legs--combining bulb and spool forms--joined by a splendid, undulating X-stretcher with a central spinning-top element. The chairs are structurally sound and solid, in good condition with added front corner braces and original patina, showing normal signs of age. Dimensions: 48 x 43 x 110 cm, seat height 48 cm. **BUY NOW**
