200 EUR

Period : 20th century

Condition : Bon état

Height : 30

Description

Large mechanical butter churn made of glass and metal, cylindrical in shape, equipped with a crank mechanism and an internal beater. The jar is adorned with a beautiful fleur-de-lis in relief, a relatively rare motif on this type of model. Made in France, in the style of domestic productions from the first half of the 20th century, circa 1920-1930. A beautiful example of folk art and a curiosity, particularly decorative due to its size and relief decoration. Height: 30 cm. In good overall condition with no cracks, though there are some signs of wear on the metal consistent with its advanced age ... - Careful shipping with tracked package within 24-48 hours - In-store pickup available in the Paris region - Payment methods: Credit card, bank transfer, or PayPal
