Description

"Master" Swivel Armchair in buffalo leather by Leolux. This Brutalist-style armchair stands out for its extra-wide seat shell, with spectacularly flared lines, featuring a removable lumbar cushion. It features a high, structured backrest with an integrated back cushion and headrest. This lounge chair is fully upholstered in patinated buffalo leather; it features the characteristic tufted cushions and rests on a sturdy five-legged swivel base made of wood. Founded in Venlo, the Leolux brand made a name for itself in the 1970s thanks to its bold and ergonomic lounge chair designs. The "Master" armchair reflects the brutalist aesthetic that characterized Dutch furniture design of that era. Signs of wear consistent with its age and use. 104 cm wide, 88 cm deep, and 99 cm high. Seat height: 41 cm
