Height : 78 cm

Depth : 8 cm

Description

Painting, "Still Life with Flowers" in scagliola, 19th century
A beautiful decorative painting depicting a bouquet of flowers in a vase, accompanied by fruit and butterflies, created in scagliola. Scagliola (from the Italian word "scaglia," meaning "chips") is a technique used to create stucco columns, sculptures, and other architectural elements that imitate inlays of marble and semiprecious stones. The scagliola technique gained prominence in 17th-century Tuscany as an effective alternative to costly marble inlays--those hardstone works commissioned for the Medici family in Florence.
Dimensions with frame: Height: 78 cm Width: 97.5 cm Depth: 8 cm
In very good condition. Italian, 19th century
