Description

A fairly large wooden box...Black lacquered on the outside and red lacquered on the inside...Featuring a Russian mythological scene...Absolutely beautiful...With numerous details...Signed in the lower left corner, translating to MOMÉRA...And with two initials in the lower right corner, translating to "V. F."...From the late 19th century...Origin: MOSCOW, RUSSIA...In very good condition...just a few small areas of missing paint, somewhat concealed by a black primer...In my opinion, one of the most beautiful boxes of this style...For your information, I have others that will be put up for sale later...The hinge works well...The lid is slightly larger than the base...And it's double-layered...The smaller layer fits snugly into the base...Weight: 481 g
