### Description

20th-century oil painting on canvas. A striking landscape in which color is organized into bold blocks of buildings, fields, and gardens. Crosshatched brushstrokes suggest the movement and direction of the foliage and trees, while layered applications of paint give the composition a distinctly modernist character. An antique work with a remarkably modern spirit, it integrates effortlessly into a wide variety of interiors. Presented without a frame, the painting has a strong decorative presence and an authentic studio quality.
