Description

ANTIQUE large Corsican vendetta navaja folding knife, signed CAMPI, Ajaccio, 19th century, IFS26VEN001 Blade signed CAMPI in Ajaccio Length of the knife when open: 38 cm Blade length: 17 cm Bone handle Period: 19th century Rare because it is a genuine Corsican knife, not a "vendetta" knife labeled as Corsican but manufactured in Tiers... The knife is in fairly good overall condition, with very little play between the blade and the handle. Minor distortions on the plates and spring, nothing serious. The blade is in good condition, with old traces of oxidation; it has not been polished--the buyer may decide whether or not to polish it... One side is marked "souvenir Ajaccio," and the other side features the head of a Moor. A nice collector's item... Fast and well-protected
