Description

A pair of Art Deco oil-on-canvas paintings signed BOYER (Emile BOYER, 1877-1948), depicting bustling scenes in Paris featuring the Place de la Madeleine and the Rue de la Paix near the Place Vendôme. These two works follow in the tradition of painters who captured Paris and its twilight atmospheres, in the style of Édouard-Léon Cortès and Gallien Laloue. They are presented in beautiful period Montparnasse frames, in very good overall condition; both paintings are identical in size: 53 cm x 45 cm.
