Description

Large Napoleon III-style walnut display bookcase - 19th century Elegant Napoleon III-style walnut display bookcase, second half of the 19th century. The front features three large doors, glazed at the top and adorned at the bottom with molded panels featuring geometric relief decoration. The front is punctuated by beautiful turned and carved columns, while the upper section is crowned by a substantial molded and carved cornice. The interior offers ample storage space thanks to several adjustable shelves. The lower section features three large drawers fitted with bronze handles. Exquisite cabinetmaking, generous proportions, and a lovely walnut patina. A highly decorative bookcase, also ideal as a display piece or for showcasing a collection. Period: Napoleon III, second half of
