Description

???? Set of 3 Linda Chairs by Arrben - Italy, 1980s
A beautiful set of three Linda chairs produced by Arrben in Italy in the 1980s, recognizable by their striking chrome-plated tubular steel frame and their curved silhouette. The Linda model strikes a very successful balance between geometry and lightness: an extremely slender metal frame defines the legs and the large, arched armrests, deliberately leaving plenty of space around the seat.??????
An iconic creation of 1980s Italian design, featuring the blend of minimalism and graphic exuberance characteristic of the period. The fan-shaped, almost trapezoidal backrest appears to float in the center of the chrome frame. It is one of the most recognizable elements of the Linda model.???? Here, the seat and backrest are

upholstered in camel-beige faux leather, a particularly soft shade that contrasts elegantly with the chrome-plated steel. The faux leather shows various signs of wear and tear, visible in the photographs and consistent with the chairs' age. These marks have been intentionally preserved and contribute to the piece's vintage character. The three chairs are sturdy and stable. Their slightly flexible frame and large, curved armrests also provide a particularly comfortable seat; the comfort of the Linda model is undeniable. Dimensions: 51 × 64 × H79 cm. Seat: 47 × 40 cm - H47 cm. A very lovely trio of Linda chairs by Arrben, instantly recognizable by their airy, graphic design--perfect around a contemporary table or in an interior that blends vintage furniture with more modern pieces. Shipping available in France and worldwide; please contact me before purchasing to receive a personalized quote.
