Description

Six Italian-made "Panzo" chairs from the 1960s with beechwood frames, featuring the elegant, sinuous lines typical of the design of that period. The light-colored faux leather upholstery contrasts nicely with the wood, creating a refined visual effect. These chairs fit perfectly into both modern and retro settings, adding a touch of historical authenticity and 1960s Italian design. They are in good condition, with normal signs of wear that attest to their originality and history. MOSESE0323621
