

19th-century Glazed Terracotta Wall-mounted Cutlery Holder

350 EUR

Period : 19th century

Condition : Bon état

Material : Terracotta

Description

Object Characteristics Type: Wall-mounted cutlery holder with two compartments, featuring drainage holes at the base to allow water to drain. Decoration: Rich polychrome slip-painted decoration, combining a central radiating motif (a stylized flower or sun) with geometric plant and floral friezes in shades of ochre yellow, green, and reddish-brown. Dimensions (36 x 31 cm): This is a generous and sought-after size for this type of folk art object; its width gives it a striking presence on a kitchen wall. Eastern France, early 19th century
