Description

A Trentino walnut chest of drawers dating from the early 19th century, characterized by elegant craftsmanship. The curved front features two main drawers, topped by two small side drawers and a central drop-front door. Inside, a storage unit with six drawers and secret compartments offers ample space for organization. The ebonized details add a touch of refinement, while the truncated pyramid-shaped legs provide stability and style. Chiseled and gilded bronze grilles, handles, and accents complete the piece, highlighting the quality of the furniture. Product condition: Due to its age and wear, this item requires restoration and refinishing. We strive to present the actual condition of the piece as fully as possible through the photos. If certain details are not clear from the photos, the information
