Description

- Cotton brocade woven in the "Princess" weave.-
This superb 1976 edition, produced by the Centre Français des Tapis et Tapisseries, offers collectors a truly exceptional opportunity: the seemingly impossible chance to bring the epic elegance and narrative dynamism of this masterpiece of Norman art directly onto the walls of their living room. Reproducing with admirable textile precision the famous scene of the siege of Rennes (*Hic Milites Willelmi Ducis Pugnans Contra Rennes*), this piece faithfully recreates the characteristic shades of ochre, green, and terracotta, as well as the stylized silhouettes of knights, the Latin inscriptions, and the borders populated by fantastical creatures that immortalized the conquest of England in the 11th century. Thanks to the meticulous reproduction
