Description

Stunning large bronze sculpture, 68 cm tall plus a marble base (4.5 cm), total height 72.5

cm depicting a woman from the Art Deco period stretching. Cast bronze (a trace of a seam is visible on the right arm). Unsigned piece but a famous model by the artist Paul Philippe. Born in 1870, he created numerous depictions of figures, notable for the finesse of their modeling and the quality of their finish. He always took great care in applying his sumptuous and refined patinas. His sculptures come to life thanks to the shimmering shades of brown and the luminous reliefs of the golden patinas. *L'éveil* stands out for the elegance and delicacy of its forms and the subtlety of its patina, enhanced by a green veined marble base.
