

Rooster-shaped Ridge Finial, Terracotta, Toulouse Region

350 EUR

Period : 20th century

Condition : Très bon état

Material : Terracotta

Length : 46cm

Width : 23cm

Height : 35cm

Description

Terracotta architectural element depicting a rooster, resting on a curved ridge tile, 20th century. The rooster is rendered with great character, featuring finely modeled plumage, a broad, spread tail, and a base shaped like a rock. The piece retains its beautiful natural patina and traces of its original architectural function. From the Toulouse region. A decorative object of particular interest for its sculptural and regional character, which can be displayed either as an architectural element or as a decorative piece in an interior. Dimensions: H. 35 cm × L. 46 cm × W. 23 cm Weight: approximately 6 kg
