Description

An elegant drop-front chest from the second half of the 18th century, entirely paneled with fruitwood (probably walnut, cherry, and burl) arranged with great care to form a lively geometric pattern of squares, lozenges, and herringbone motifs, accented by thin, light-colored wood fillets. The design, with its distinctly 18th-century flair, gives the piece a refined and dynamic appearance, with warm, golden highlights. Origin: France Period: second half of the 1700s Style: Louis XV Dimensions: 118x62x111h cm SKU: 17564
