Description

Chess set from around the 1980s - Decor
Chessboard dimensions: 70.5 cm x 40 cm. Chess set with a unique modernist geometric design, featuring stacked cubic pieces that combine silver-plated metal and copper. Minimalist chess set from the 1980s. Its modernist design is characterized by a silver-plated metal and copper chessboard, and pieces composed of cubes. The origin of this set remains unknown, as the designer has not been identified. Good overall condition. Some traces of glue on certain pieces. The chessboard shows signs of oxidation due to age and use. Wear consistent with age and use.
