Description

Dimensions: Base 19 x 10 cm - Lamp 40 x 20 cm
- Height: 63 cm. A blend of poetry and softness, the MaMo Nouchies lighting collection was created by designers Ingo Maurer and Dagmar Mombach. These Japanese paper lamps are the result of true artisanal craftsmanship; each piece is unique. The lampshades are hand-folded using a patented process inspired by traditional Japanese paper-working techniques. The name "Nouchies" pays homage to master sculptor and designer Isamu Noguchi, creator of the famous Akari paper lamps. The Yoruba Rose lamp is a light fixture that will captivate you with its perfection and elegance. The paper arch, stretched over thin metal rods, forms an almost perfect circle and flares out toward the top. The paper filters a soft, warm light. Brand: Ingo
