Description

A striking and spectacular hot-air balloon chandelier crafted from numerous rows of faceted crystals and featuring a richly ornamented gilded bronze frame. The chandelier features an imposing conical structure entirely covered with dense chains of crystals, which create striking light reflections. The wide central band in gilded bronze is finely decorated with floral motifs, rosettes, and ornamental elements in the neoclassical style and is surrounded by numerous volute-shaped light arms, embellished with figurative elements in the Empire style. The lower section ends with a lavish cascade of crystal pendants, while at the top, a refined openwork crown in gilded bronze completes the composition. Its impressive size and rich decoration make this a chandelier with a striking
