

Jean Marec (1901-1972). The Château d'Angers, As Seen From The Drawbridge.

230 EUR

Signature : Jean Marec

Period : 20th century

Condition : Très bon état

Material : Oil painting on wood

Description

Oil on panel depicting Angers Castle from the drawbridge side, the "Porte des Champs" gate to the southeast, with its 13th-century fortified entrance gatehouse. The painter remarried in Angers in the 1950s, so it is likely that he painted this view of the castle on that occasion.
