Description

A stained-glass window painted in grisaille and with enamels on smooth, slightly green-tinted glass, depicting a wading bird beneath a flowering branch in a setting inspired by Eastern aesthetics. The bird, rendered in shades of brown, and the bluish-gray branch with coral-pink flowers form a particularly well-balanced vertical composition that highlights the delicacy of the design and the quality of the glass painting. Attributed to Fassi (Nice). Black wooden frame.
