Description

Authentic original naval drawings (1913 EDITION) Superb historical documents from the Belle Époque era, taken from Volume 3 of the book "Shipbuilding Since Its Origins," published in 1913 in Belgium by the International Permanent Association of Navigation Congresses (AIPCN). The technical plates are the work of Emile van Konijnenburg, a renowned Dutch naval engineer. These are NOT modern copies or reprints! * Illustrations: Page 13: The Galiote and the Hourque Page 14: The Hourque Page 15: The Koff * Languages: Captions and technical details in 4 languages (French, English, Dutch, and German). * Dimensions: 33.5 x 25.1 cm. * Condition: Very good overall condition. The small original staple holes are visible on the left edge, confirming its authenticity from 1913. A

few slight signs of wear on the edges, but they are barely noticeable. **SHIPPING:** The prints are sold and shipped as-is, **WITHOUT** the burgundy mat boards. They fit perfectly into a standard 30 x 40 cm frame available in stores (with a standard mat opening of 20 x 27 cm). The last image is presentation suggestion generated by AI and is therefore not binding. **Secure shipping:** The prints are shipped flat between two sheets of rigid cardboard to prevent creasing. Feel free to ask if you have any questions!
