Description

Beautiful pair of hand-forged and beaten iron torches, equipped with solid turned woodcandle holders. The torches are characterized by volutes and spirals, which enhance their shape and elegance, and are composed of closed bands of hand-forged iron, without welding. The candle holders alternate in two heights of the torches, in the lower part there are eight, while in the upper part there are five, of which one is larger in the center. These are unique pieces, of great particularity and antiquity, capable of furnishing any environment with a touch of antiquity.

Tuscan manufacture of the 19th

century. Measurements: H x DM 188 x 81cm
