A remarkable spherical vase made of polychrome Longwy enamel, decorated with a graphic design featuring stylized chairs and plant motifs. Against a finely crackled ivory background, the green, blue, pink, yellow, and black colors create an original and harmonious composition, accentuated by dark outlines. Its generous silhouette, topped by a short neck and resting on a circular foot, makes for a striking decorative presence. An expressive piece that combines the traditional craftsmanship of Longwy with a modern aesthetic. Inspired by Art Deco, he developed compositions featuring bold colors and stylized forms, particularly well-suited to ball-shaped
