

Small Antique Ice Bucket Made Of Cut Crystal

110 EUR

Period : 20th century

Condition : Très bon état

Material : Crystal

Diameter : 13

Height : 14

Description

Cylindrical cut crystal bucket featuring a rich diamond-point and crosshatched decoration. The upper section is enhanced by an engraved geometric frieze, while the base is adorned with deep radiating cuts that create remarkable light reflections.

Originally intended for serving biscuits or ice cubes, this piece can also be used as an elegant decorative object on a refined table, sideboard, or in a display cabinet dedicated to fine crystalware. Very good condition.
