Description

Chinese wooden cabinet with lacquered panels - Bird and flower motifs Original Chinese wooden cabinet, tall and narrow in shape, featuring a beautiful front adorned with black lacquered panels with gilded decorations inspired by Far Eastern art. The upper section opens with two large doors, adorned with botanical scenes featuring flowers, foliage, birds, and Chinese characters. The central section features two small drawers, also decorated, while the lower section opens with two doors depicting compositions of vases with flowers and Chinese furniture. The piece is embellished with cut brass hardware, featuring long handles and pendant knobs on the doors, as well as openwork knobs on the drawers. Inside, the piece offers various storage spaces, including internal drawers, making it as

decorative as it is functional. The contrast between the warm wood tone, the black panels, and the gold accents gives it plenty of character. A unique piece that will easily fit into a classic interior, a country home, or an eclectic decor scheme. Dimensions: Height: 174 cm Width: 83 cm Depth: 50 cm In generally good condition, with signs of age, wear, and minor imperfections visible in the photographs, particularly on certain frames and decorative elements. These features contribute to the piece's charm and authenticity.
