Art Nouveau School (c. 1900) - The Satsuma Vase

1 100 EUR

Period : 19th century

Condition : Très bon état

Material : Oil painting

Description

- Oil on canvas. Spectacular antique frame.- In the languid shadow of the *fin de siècle*, this slender Satsuma earthenware vase stands like an altar dedicated to disenchantment and fascination with a dreamlike Orient, where time seems to stand still in the stillness of a withered garden. Much like the tragic fate of Madame Butterfly--suspended between a timeless wait and the pain of transience-- the autumn leaves scattered across the porcelain burst into shades of purple to sing the swan song of a fading era. The golden splendor of the dried thistles and the patinated luster of the enamel celebrate the melancholy of twilight, transforming the withering of flowers and the fragility of ceramics into an ultimate refuge for the aesthete; where the purest beauty inevitably arises from the certainty
