Description

Jean-Michel Folon (1934-2005) - "Vase No. 10 Building" - 2001 - Glazed ceramic - La Tuilerie, Treigny - 7/8An important painted and glazed ceramic vase by Jean-Michel Folon (1934-2005), the "Vase No. 10 Building" model, created in 2001 and produced at La Tuilerie in Treigny.DESCRPTIONOvoid in shape, the vase embodies Folon's characteristic poetic universe. A stylized city with geometric architecture unfolds in its lower section, while the upper section is adorned with celestial bodies and circular shapes evoking a celestial universe. The subtle color palette combines bluish gray, ivory, pale yellow, and pinkish hues with the brown tones of the urban landscape.FOLON signature incorporated into the design.The following stamps appear beneath the base:FOLONLA
