Description

A vintage ring crafted in 18-karat white gold, featuring an elegant and refined split-band setting. The central setting is adorned with three striking old mine-cut diamonds arranged horizontally and framed by a distinctive white gold setting. The diamonds, weighing approximately 0.50 ct each, feature the typical slightly irregular shapes and characteristic proportions of antique cuts, which give the stones a warm brilliance and a very distinctive charm. The three-stone arrangement is harmonious and balanced, with the center diamond taking a slightly more prominent role than the two side stones. The split band adds further character to the setting and highlights the diamonds on the finger. A refined and highly charming vintage ring, particularly appealing to
