Description

A vintage ring crafted in 18-karat yellow gold, featuring a refined double-row design with an elegant crisscross pattern. The slightly curved upper band is embellished with a row of round brilliant-cut diamonds, creating a luminous and dynamic line across the front of the ring. Below, a second row of princess-cut diamonds is channel-set into the band, introducing a more geometric and structured element. The contrast between the round and square diamonds creates a pleasing balance between classic brilliance and precise lines, giving the piece a distinctive vintage character. The crisscross design adds movement and originality to the composition, while the yellow gold lends warmth and sophistication to the overall look. A sophisticated and easy-to-wear ring, ideal for lovers of vintage
