Description

Art Deco emerald green glass vase signed DESNA - Decorated with female figures. A very beautiful emerald green pressed-molded glass vase signed DESNA, featuring a remarkable relief decoration characteristic of the Art Deco aesthetic. With an architectural and geometric shape, the body is punctuated by broad vertical motifs alternating between satin-finished and glossy sections. It is adorned with stylized female figures in relief, rendered in a style highly representative of the decorative designs of the 1920s and 1930s. The superb deep green color, combined with the variations in the glass's finish, particularly highlights the reliefs and gives this piece a striking presence. The signature DESNA is visible on the base. A very beautiful decorative object, appealing both to collectors of Art Deco
