### Description

Designers: Ray and Charles Eames Manufacturer: ICF Milano / co fe.mo Year: 1956 Model: lounge chair Lounge chair and ottoman in very high-quality dark brown leather. A model from the 1970s in excellent condition, entirely original. The manufacturer's labels are still in place, and the "co.fe.mo" mark from the base's foundry is also present. Our thoughts: ICF was an official Italian manufacturer licensed by Herman Miller from 1958 to 1980. It is the least well-known, but its chairs are perhaps the most beautiful--and certainly of the highest quality.
